FLEET IN FINE SHAPE

Admiral Evans' "Big Sixteen" Off Magdalena Bay.

4 DAYS AHEAD OF SCHEDULE

At Terminus of Long Voyage Ships of the Great American Fleet Are Reported To Be in as Good Condition as When Hampton Roads Was Left.

San Diego, Cal., March 13.—A wireless message received late Wednesday night by the Point Loma government wireless station was to the effect that Rear Admiral Evans and his big battleship fleet arrived off Magdalena bay early Wednesday night.

The fleet is almost four days ahead of schedule time.

It has been known for some weeks past that the "bix sixteen" would arrive at its practicing ground ahead of time, but it was never expected that such an excellent showing as this would be made. The important fact about it is that the four days' gain was made on the last stretch of the voyage from Callao, South America. It is reported on good authority that an official message was received from Rear Admiral Evans himself by the local wireless station Wednesday night to be transmitted to Washington. It was to the effect that Admiral Evans reported to Washington that he had arrived at the bay with all the ships of the fleet in better condition than when they sailed from Hampton Roads, and he is even now ready for any emergency that may arise, and that the fleet is prepared to sail for any destination at an hour's notice.

The importance of this message is overwhelming. The eyes of the entire list of naval officials, practically every citizen of the United States and even the entire world were expectantly awaiting the ships at the terminus of the long voyage as to the effect the voyage would have on the ships. Now that word has been received that the entire fleet is in even better condition than at the time it started out the mammoth naval undertaking is crowned with glorious success.

NEBRASKA REPUBLICANS.

State Convention Met at Omaha—Taft Sentiment Prevails.

Omaha, Neb. March 13.—The state convention of the republican party of Nebraska met here Thursday to select delegates to the national convention.

The sentiment for Taft was apparently unanimous. The Lancaster county delegation, which was sent to the convention on a Roosevelt platform, was headed by Judge Allen W. Field, an avowed Taft man, and candidate for delegate-at-large.

For the month preceding the convention much was said about opposition to Taft, but if there was any sentiment of that nature in the gathering it failed utterly to assert itself before the convention was called to order.

The point of interest during the forenoon was the district conventions that met to select district delegates to the national convention.

Valuable Trotting Horse Dies.

New Haven, Conn., March 13—Nutbearer, a trotting horse owned by Hubinger of this city, was found dead in its stall at the stable of a local veterinary surgeon Wednesday. Death is alleged to have been due to muriatic poisoning, administered through the tube which was inserted in the trotter's throat some time ago to do duty in place of a defective trachea. Nutbearer was sired by Nutbreaker and was valued at $20,000. He had a record of 2:09 1-4 in an eight heat race. No clew to the perpetrator has been discovered.

Trial of Beech Hargis Postponed.

Jackson, Ky., March 12.—The jury in the case of John Abner, charged with aiding in the murder of Town Marshal James Cockrell, during the Hargis-Cockrell feud in 1903, reported a hopeless disagreement, and was dismissed. The case of Beech Hargis, for the murder of his father, was postponed to the next term of court.

CELEBRATES ANNIVERSARY.

At Eighty-Seven Regent of Bavaria Is Still Hale and Hearty.

Munich, March 13—Prince Luitpold, regent of Bavaria, celebrated the eighty-seventh anniversary of his birth on Thursday amid a brilliant gathering of the Bavarian nobility.

In the morning the prince received telegraphic congratulations from Emperor William and the heads of the reigning houses of the empire, as well as felicitations from abroad. Later there was an immense military serenade before the palace in which the entire garrison of Munich took part. The prince replied by appearing at one of the palace windows and bowing.

The effects of his many years are almost unnoticeable in the person of the venerable regent. He is in splendid physical condition. His limbs maintain their elasticity, his muscles are still hard, and nearly every day he defies wind and weather and undergoes the hardships of the chase.

The Bavarian people seem to have forgotten the existence of King Otto, the mad ruler of their country, who has been interned in a small palace in a suburb of Munich since 1886.

The Bavarian parliament would have made Prince Luitpold king in succession to Otto had he not refused to accept the post.

SPECIAL INVESTIGATION.

Representative Lilly Corrects Impressions that Had Been Created.

Washington, March 13.—The special committee appointed by Speaker Cannon to investigate the charges made by the Electric Boat company to influence legislation, resumed its sittings Thursday with all the five members of the committee present, and the spacious room in which the committee is sitting well filled with newspaper men and other interested spectators.

At the opening of the session Mr. Lilley addressed the committee saying that he desired to correct the impression that had been created by the report of the committee to the effect that he had charged that members of congress had been bribed. He denied that he had made such charges, but said that up to the present time, his accusations have been solely against the Electric Boat company and its predecessors, the Holland company, and had covered the point that these companies had made an effort to influence legislation by congress.

Widow Given $1,500 in Court.

Macon, Ga., March 13.—The sum of $1,500 was given Mrs. Henry Kessler by the ordinary's court Wednesday afternoon. She is the widow of the late Henry Kessler, of this city. Under the state regulations Mrs. Kessler had a right to claim a year's support, and a board decided that the sum of $1,500 would be the proper amount. In the ordinary's court creditors of the late Mr. Kessler fought the payment of this amount, and the court finally decided to allow her $1,500. The case was an interesting one and lasted for several hours.

Crocker Reported Seriously Ill.

New York, March 13.—George Crocker, son of the late Charles Crocker, of San Francisco, is reported seriously ill at his home in East Sixty-fourth street of stomach trouble which developed while he was in Mexico recently and which caused his return to this city. It was reported that a consultation of physicians had been held and that an operation would be performed Saturday. Mr. Crocker was for a time vice president of the Southern Pacific railroad.

Made Dash for Liberty.

New Orleans, March 13.—With a ladder made of rope and broomsticks four short-term prisoners scaled the wall of the parish prison here and made a dash for liberty. Within half an hour after their escape three of the men were caught and brought back to prison by deputies, and the police are still in search of the fourth.

Has Clew to Assailant.

Birmingham, Ala., March 13.—Chief of Police Bodeker is said to have a clew as to the man who shot Officer Smith to death and wounded Officer Byars, and an arrest will be perfected soon.

MEN IN HAIL OF LEAD

Reported Conflict Between Chilian Forces and Strikers.

MACHINE GUNS WERE USED

News of a Great Conflict at the Nitrate Beds of Chile Has Been Received in Which 2,500 Men Were Laid Low, Most of them Killed.

San Francisco, March 13.—Machine guns operated by the government forces of Chile in a great conflict with strikers at the nitrate beds and in the city of Iquique laid 2,500 men low, most of these being killed, according to advices received Wednesday by the Australian steamer Christianpors, arriving direct from Chile.

Business at Iquique, which had never been seriously disturbed by anything but earthquakes was paralyzed when the great army of workers went on strike. One fracas after another occurred, until soldiers and strikers met in the streets of Iquique and on the outskirts and openly defied each other.

Being ordered to drive the army of men away and disperse them, the police opened fire while they formed and literally mowed down the men. They had little opportunity to fight back, even had they been armed, the assault upon them was so sudden. This took place on Jan. 11, and was followed by two or three days of oppressive gloom in the community while the funerals of the killed were taking place.

A week later, as though by common agreement, the strikers went back to work without the expected advance in wages.

It was reported that the mine owners will voluntarily increase the pay of many of their employees.

ALIA'S TRIAL AT DENVER.

Case Given to Jury—Defendent Stoically Awaits Result.

Denver, Colo., March 13.—With the bare suggestion of "masked epilepsy" as his only defense, Guiseppe Alia awaits stoically the result of his trial on the charge of having murdered Father Leo Heinrichs.

The evidence for the defense was completed Wednesday. Only two witnesses were called and but one of them, Dr. Baron G. Tosti, the Italian consul, testified that he considered the slayer of Father Leo insane, basing this opinion upon the fact that the murder was without apparent motive. No explanation of Alia's terrible act other than that given by him in jail was offered and no evidence of any plot against Father Leo or priests in general have been presented at the trial.

The case was given to the jury Thursday after brief arguments and instructions.

Mrs. Roosevelt Coming South.

Birmingham, Ala., March 13.—Arrangements were made here for transportation of Mrs. Theodore Roosevelt and a party of friends over the Alabama Great Southern March 27. Information received here is to the effect that the party will board the Alabama Great Southern at Chattanooga on the evening of March 27, and will pass through Birmingham shortly after midnight. Her destination is not known here, although it is thought to be Vicksburg, where, it is understood, the president's yacht will be waiting to receive her.

Five Italians Released.

Tampa, Fla., March 13.—Baffled by the secrecy maintained by all Italians, including the victims, the police department has released five Italians held in connection with the shooting of Dr. Crane and two companions from ambush Sunday night.

Charge of Embezzlement.

Glenville, Ga., March 13.—E. H. Baughman, cashier of the People's bank, who was displaced a few days ago, was Wednesday morning arrested on a warrant sworn out by C. C. Padgett, president of the bank, charging embezzlement.

POSTAL SAVINGS BANKS.

Senate Committee on Postoffices and Post Roads Considering Question.

Washington, March 13.—Children are to be encouraged to save their pennies by a feature of the postal savings bank bill, to be reported by the subcommittee of the senate committee on post roads which is considering the various postal bank bills.

The committee expects to complete its work Friday. It has before it the bills introduced by Senators Carter, Burkett and Knox, the latter being the measure favored by Postmaster General Meyer. The committee has taken the best features of all of the bills and is drafting what it believes to be as near perfect a measure as can be made.

The feature that is expected to attract the children is taken from the Carter bill. It provides for the sale by postoffices of cards, each to hold nine stamps. A child may purchase a card for one cent, and buy stamps at one cent each. When nine stamps have been attached, the child may deposit the card and receive credit for a deposit of ten cents.

INSPECTION OF SCHOOLS.

Out of 500 in Chicago, Fifty Were Reported Unsafe.

Chicago, March 13.—Inspection of the three hundred public and two hundred private and parochial schools in Chicago, was completed Wednesday by captains of the fire department and inspectors fro Acting Building Commissioner Robert Knight. Out of the whole number about fifty schools were found to be unsafe, and instructions were given that changes be made immediately.

Delegations from private schools, principals and janitors from public schools threatened with arrest for violation of the city ordinances looking to the protection of school children from danger by fire, flocked to the commissioner's office and promised to make any changes desired by the fire or building department without delay.

REMEDIES SUGGESTED

For the Growing Evils of Congestion of Population.

New York, March 13.—Moving the public schools into the outlying district of the city was the first remedy suggested for the growing evils of congestion of population at the exhibit now being held at the Museum of Natural History.

The moving of factories out of the city was another remedy proposed, the use of the telephone and other means of today of communication and of rapid transportation being suggested to overcome the disadvantages of being at some distance from the centers of trade.

$650 Reward for Murderer.

Atlanta, March 13.—The governor of Georgia has offered a reward of $250 for the arrest of the unknown negro who, a few days ago, murdered Pawnbroker Jacob Hirsowitz in his place of business on Decatur street. It was announced some days ago that the governor would offer a reward of this amount, but the formal papers making application for it were only presented at the executive office Wednesday. With other rewards already offered, the total reward outstanding for the negro's capture is $650.

$17,000 Fire at New Decatur.

Decatur, Ala., March 13.—The Twin City Furniture and Installment company on Moulton street, New Decatur, had their stock of furniture and house furnishing goods damaged by fire and water Wednesday. The stock is valued at $6,000 damage, and 75 per cent fully covered by insurance. The Kentucky block was damaged $1,600, owned by J. E. Penny. The fire originated in the back end of the store in which a stock of mattresses were packed.

Third and Last Day.

Pittsburg, Pa., March 13—The third and last day of the first international convention of the Young People's Missionary movement opened Thursday with much enthusiasm. Dr. W. Douglas MacKenzie, president of Hartford Theological seminary, Hartford, Conn., was the first speaker. He spoke on the place of missionary education in the life of the church.

WAR CLOUD LIFTING

Aggressive Action Against China by Japan Not Likely.

THE TATSU MARU INCIDENT

Press and Public of Japan Are Now Favorable to an Amicable Settlement and Not to Press China to Extremes—May Agree to Demands.

Tokio, March 13.—The strong demand of the press and the public of Japan for aggressive action against China in connection with the Tatsu affair is subduing.

The Asahi, one of the most influential newspapers, discusses the matter at length and urges the government to seriously consider the moral side of the case and not to press China to extremes. It thinks that Japan should exercise greater vigilance concerning the export of arms destined for the use of insurgents against a friendly government.

This view is gaining ground, and it is understood that the minister of war, General Terauchi, and Vice Admiral Saito, minister of marine, are opposed to aggressive tactics.

The British minister, Sir Claude McDonald, has held lengthy conferences with Foreign Minister Hayashi.

The foreign office asserts that no ultimatum has been issued in the matter, but the hope is expressed that the negotiations may be protracted.

In well-informed circles, it is inferred that China will eventually agree to the demands of Japan in consideration of a pledge upon the part of Japan that a closer watch will be kept upon exportation of arms.

WAR ON GAMBLERS.

"Big Stick" Orders Investigation of Stock Trading Methods.

Washington, March 13.—President Roosevelt has directed Herbert Knox Smith, of the bureau of corporations, to investigate the methods of stock trading with a view of furnishing the basis of possible future legislation regulating such practices.

The difficulty is recognized of attempting federal regulation of the transfer of stocks which will operate to curtail purely gambling contracts and at the same time work no hindrance to legitimate transfers, and it is announced to be for the purpose of proceeding on sound principles that the investigation is being made.

President Roosevelt has declared himself to be decidedly in favor of eliminating stock gambling.

TANGLED IN WIRE FENCE

Unknown Man Found with His Head Almost Severed from His Body.

Imlay, Nev., March 13.—With his head nearly severed from his body as the result of an entanglement with a barbed-wire fence, near this place, but still alive, the body of an unknown man, a foreigner, was found Wednesday by the railway employees here. He was naked, covered with blood and unconscious.

The man got off the train Tuesday night. He had a ticket for Dallas, Tex. He wandered around the station for some time and finally disappeared in the darkness.

Nothing further was seen of him until daylight, when his body was found.

Liquor Shipments Showing Slump.

Macon, Ga., March 13.—Less than one-half the amount of whisky that was shipped to Macon during the first six weeks of the new year is now being received at the express office, and the officials there are having a hard time puzzling over the slump. The only way they can account for it is the warmer weather and the lessened taste for liquor through that reason.

Sheds Will Be Removed.

Macon, Ga., March 13.—Fourth street in Macon is to be improved this spring by the tearing down of all the ramshackle sheds over the sidewalk that have served as awnings. Other improvements have been planned by the street committee and in time will be lost in carrying them into action.

FLORIDA GROWERS WANT BETTER RATE

Discrimination by Transportation Lines Is Unreasonable.

CHARGES ARE VERY EXORBITANT

Fruits and Produce May be Shipped from Havana, Cuba, San Juan, Porto Rico, and Other Points at Much Less Rate Than from Florida.

The Florida Fruit and Vegetable Shippers' Protective Association, which found its origin with the Gainesville Melon Growers' Association a little more than a year ago, and of which Frank D. Warner of this city has the honor to be president, has issued a circular to the growers of Florida regarding rates from Florida and competing points, which is bound to prove of interest, as it shows the great and unjust discrimination of the transportation lines between Florida and other points.

Representatives of the Association, including President Warner and other prominent growers of the State, appeared in Washington, before the Interstate Commerce Commission, on February 6, to represent their side of the case in a complaint filed, asking for more equitable rates on Florida perishable products to all markets.

The argument was taken up before the Commission, but owing to a pressure of time of that body with other matters, the hearing was continued until the 18th inst., when it will be resumed in Jacksonville.

Association Circular.

The following circular, issued by and under direction of the Florida Fruit and Vegetable Shippers' Association, will prove of especial interest at this time:

"It is not generally known among Florida fruit and vegetable growers that this Association had filed a complaint before the Interstate Commerce Commission in an effort to secure more equitable rates on Florida perishable products to all markets of the country, and the establishment of carload rates and a carload minimum to Eastern markets, and to all markets not favored with both carload and less than carload rates. The case was partly heard in Washington, D. C., on February 6th, 7th and 8th, and owing to lack of time was continued until March 18th, and transferred to Jacksonville, Fla.

"In order to show briefly the discrimination against Florida products attention is called to the following illustrations, showing freight charges on various Florida products compared with freight charges on similar products grown elsewhere, but competing in the same markets at the same time:

"Oranges—From Havana, Cuba, to New York City, 34 cents; San Juan, Porto Rico, to New York City, 26¼ cents; Kingston, Jamaica, to New York City, 31½ cents; California, all districts (over 3,000 miles), to New York City, 82.8 cents; Florida, Arcadia, (only 1,200 miles), to New York City, 75½ cents.

"Pineapples—From Havana, Cuba, to New York City, per crate, 39¾ cents; San Juan, Porto Rico, to New York City, 31½ cents; Delray (all rail), to New York City, 80½ cents; Havana (via Mobile), to Chicago, 59½ cents; Delray to Chicago, 89.6 cents.

"Vegetables—Tomatoes, from Havana to Chicago, 51 cents; tomatoes, from Boynton to Chicago, 58½ cents; tomatoes, Crystal Springs to Chicago, 26 cents; lettuce, New Orleans to New York City, 43 cents; lettuce, Palmetto to New York City, 63 cents; Celery, Los Angeles to Boston, 62½ cents; celery, Sanford to Boston, 63 cents;

"Cucumbers—From New Orleans to New York, per crate, 37½ cents; Gainesville to New York, 52 cents.

"The rate is lower from California to Boston, a distance of over 3,000 miles, than from Sanford to Boston, only 1,500 miles.

"Similar comparisons could be made to all markets in the country, showing discrimination against Florida on the part of the transportation companies. How much longer will the Florida growers continue to stand idly by and see markets taken away from them by transportation companies, that belong to Florida, owing to her geographical position?

"Growers, get together. Organize local and county associations, and cooperate with the State organization in securing competitive and carload rates to which they are entitled on Florida products to all markets."

DRESS-MAKERS

The nervous strain through which dressmakers have to pass at certain seasons of the year seems almost beyond endurance, and frequently brings on nervous prostration, fainting spells, dizziness, sleeplessness and a general breaking down of the feminine system, until life seems altogether miserable.

For all overworked women there is one tried and true remedy

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

restores the feminine system to a strong, healthy, normal condition

Mrs. Ella Griffin, of Park St., Canton, N.Y., writes to Mrs. Pinkham:

"I was troubled for three years with female weakness, backache, pains in my side, and headaches. I was most miserable and discouraged, for doctors gave me no relief. Lydia E. Pinkham's Vegetable Compound brought back my health and made me feel better than ever before."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

RACE RIOT IN NORTH CAROLINA.

Greeks Had Replaced Negro Laborers, Five Greeks Fatally Wounded.

Charlotte, N. C., March 13.—The replacing of negro labor with Greeks by a company at Belhaven, in the extreme eastern section of the state, led to a race riot Tuesday night.

The Greeks occupied houses on the company's property, and about sixty negroes, well armed, attacked the foreigners about midnight and drove them to a neighboring camp. The Greeks were unarmed and offered practically no resistance.

Five of the Greeks are reported to be fatally wounded.

Belhaven is a village without police protection and the authorities of Beaufort county appealed to the governor for military protection, and acting under the chief executive's orders, the Washington Light infantry was ordered to the scene.

Bitten by Rattlesnake.

Cartersville, Ga., March 13.—James B. Crawford, a prominent citizen of Cassville, near this city, is dangerously ill from the effects of a rattlesnake bite inflicted upon him while he was in his cellar taking up potatoes. While picking up the potatoes Mr. Crawford felt something sting him on the finger. Two hours later it began to swell and pain him severely. A physician pronounced the wound a snake bite. The cellar was afterwards searched and the reptile found and killed.

Torturing eczema spreads its burning area every day. Doan's Ointment quickly stops its spreading, instantly relieves the itching, cures it permanently. At any drug store.

GREAT VAN AMBURG SHOWS.

This Famous Tent Attraction Will be in Gainesville Thursday.

With the aid of imagination some fairly adequate idea of ancient splendors may be formed. Magnificent chariots drawn by Arabian stallions, herds of elephants and camels carrying Bikaners, warriors in chain armor, sacred cattle and carts of golden plush, bullocks covered by silver trappings, odd conveyances harnessed to elephants, camel teams and natives direct from India, all take part in this production.

The Van Amburg Shows carry a large amount of live stock. Horses numbering 300 have to be cared for every day. It takes tons of provender to feed them and the menagerie.

The animals of the menagerie are generally of the most interest. The hardest and longest lived and most intelligent is said to be the elephant.

Some of the largest of this show are used to push the heavy wagons and cages about the lot when the show is setting up.

One morning an elephant became enraged at his driver and wheeled quickly and struck at the man with his trunk. The beady eyes of the animal glistened as he trumpeted his anger. The keeper lashed the big brute with his whip and subdued him without any damage being done. Had the man been hit by the blow it would have killed him. When an elephant gets so bad that he is dangerous the owners have the animal killed, and the next season a substitute takes his place, although the killing of an elephant means a loss of several thousand dollars.

The most delicate animal is the giraffe. They take cold easily and often die of hasty consumption. Seals are hardy, but they are difficult to train. Probably the hardest animal to train is the wild African zebra.

They will not give up to man. They will be killed before they will obey. Sometimes hybrids are seen, and they resemble the full-blooded animal.

The Van Amburg Shows carry everything that can be found in a good-sized city. With the aggregation is a blacksmith, a barber, harness-maker, two painters, gilders, cooks, bakers, electricians, a minister, two veterinary doctors, the show's own attorney and its regular family physician.

Two exhibitions are given daily, rain or shine, and in case of inclement weather waterproof tents insure ample protection and comfort.

The show will be here Thursday, March 19.

FRIDAY'S SESSION OF THE CHAUTAUQUA

Miss Hollister Held Interesting Meeting of W. C. T. U.

AN INTERESTING AFTERNOON

Feature of the Afternoon Was Lecture by DeWitt Miller of Philadelphia, Which Was Inspiring—Moving Pictures in the Evening.

At 9:30 Friday morning Miss Hollister held her W. C. T. U. meeting, and also the undivided attention of her small though appreciative audience. So many of us have but a faint conception of the wonderful work that is being done along these lines, and we beg of all who can to hear this charming woman who tells in such a bright, intelligent manner what they are doing and what they want us to do here in our beautiful city to keep it a place where our girls and boys may grow up in a pure atmosphere. Come this morning, all who can, but if that be impossible come at 3 o'clock in the afternoon. Mothers, come and bring your young people, as she has a message for both.

The work done by Mrs. Adams is of the very best and everyone is obliged to give it their closest attention and not be gaping at their neighbor to see if he is as graceful as they. It completely absorbs one, and would do one good if only for the fact that it draws you out of your cares and troubles and you seem to be fascinated by the little lady upon the rostrum. We are sorry that there is only one more lesson.

At 3 o'clock the Otterbein Quartette gave another one of their charming concerts. The first number was the beautiful hymn made famous by President McKinley, "Lead, Kindly Light," and the people fairly held their breath for fear of losing one note. This was followed by several numbers that were enjoyed to the utmost. This quartette is a gem in itself. Each one is an artist, and their voices seem to blend so perfectly that it is one beautiful voice with the different shadings of sweet sounds welded together.

The lecture by the great orator, DeWitt Miller, "The Self-Sufficiency of the Republic," was a masterpiece, and was enjoyed by all. He spoke along many interesting lines in his talk on the wonderful amalgamating power of the people of this republic to take foreigners from every climate and in a short process of moulding bring forth good Americans. Spoke of the love we should have for "Old Glory," who is our protector at home and abroad. In all it was a lecture replete with good things and one that all good Americans would do well to heed.

The evening was taken up with what delights all hearts, some of the finest moving pictures, and another treat given by the Quartette and Bell Ringers.

Today is the last day, and we want to make it our best. Come, mother, father, brother, sister; show your appreciation of this last day of one of our best Chautauquas and, also, it may be our last. It has surely been a great uplift to Gainesville.

Following is today's program:

9:30 a. m.—W. C. T. U. School of Methods. Devotional service and lecture by Miss Louise Hollister.

3 p. m.—Concert: Otterbein Male Quartette and Hand-Bell Ringers.

3:30 p. m.—Lecture: "Kings and Queens of Society," Miss Louise Hollister, Chicago.

8 p. m.—Grand closing double entertainment. Famous Otterbein Male Quartette and Hand-Bell Ringers, with a multitude of the best possible moving pictures by the American vitagraph.

Closing words for 1908. Prophecies for 1909.

PRISONER GOT AWAY.

After Being Brought from Newberry, Jumped from Buggy and Escaped.

Charles Robinson, colored, who was convicted in Justice Henderson's court at Newberry upon a charge of vagrancy and was sentenced to four months in prison, made a successful escape by jumping from a buggy after he was brought to Gainesville Thursday night.

Inasmuch as the offense was a petty one, the officer having the negro in charge did not hand-cuff him. He behaved nicely until near the jail in this city, when he suddenly jumped from the buggy and disappeared in the dark, since which time he has not been seen.

The officer fired one time at him with the hope that he would be frightened and stop, but this gave him all the more energy in his lower limbs—and for all we know he may still be running.

COLLECTOR ELLIS BUSY.

City Property Owners Paying Up Well, Which Means Prosperity.

As the best demonstration of the prosperity of the people of Gainesville, notwithstanding the cry of a panic throughout the country during the past few weeks, it may be noted that City Tax Collector T. B. Ellis has been busy issuing receipts for the past few days, with the result that the city treasury has been considerably fattened on this account.

Collector Ellis states that collections as a rule have been much easier this year than formerly, and that he has experienced considerably less labor in making collections. For the same season of any preceding season, the collections are increased by several hundred dollars, which is evidence of the general prosperity of this community.

Trains Were Late.

As a result of a wreck somewhere south on the Atlantic Coast Line, all north-bound trains were late Friday. The Citra-High Springs train, due to arrive at 11:30, did not get in until nearly 3 o'clock, while train No. 40, the St. Petersburg-Jacksonville train, due at 3 o'clock, arrived at 4:15 p. m.

The trains on this division of the Atlantic Coast Line have been very regular during the present season, however, for which the traveling public is probably indebted to Superintendent H. O. McArthur, one of the most efficient railroad men in the country.

Last season the trains of the Atlantic Coast Line were so irregular that their schedule became a joke, as it was difficult to determine whether any train was due "yesterday or today." Superintendent McArthur has gotten matters straight now, and there has been very little delay inconvenienced this season.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

TO PROBE FOR GRAFT.

Chairman Wanger of the House Committee on Expenditures in the Postoffice Department proposes to investigate that department on the ground that "some of the expenditures appear to have been made in contravention of law." No doubt he has in mind the payment of the salary and expenses of Assistant Postmaster-General Frank Hitchcock while engaged in influencing Southern postmasters to work for Taft's Presidential boom. The Committee on Expenditures in the War Department would do well to follow Mr. Wanger's example, and inquire into the payment of Taft's own salary and expenses out of the Treasury, while he is engaged in traveling and speaking in the advancement of his own boom. Such grafting ought to be exposed and punished, even though it is countenanced by President Roosevelt.

THE HEARST PARTY.

The new political party organized and incorporated by Mr. Hearst as a political trust, bids fair to become a power in the land. It is a corporation composed of radicals. It is the very antithesis of the Democracy, which is a voluntary association of those who desire to uphold a government of law, as opposed to personal government and government by trusts and combines. But it adopts all the Roosevelt policies and nearly all of the Bryan policies, with a view to unifying the advocates of those policies under one system and under one leader, who has been alternately the ally of Democrats and Republicans in New York. It is a great scheme for the destruction of representative government, and for the enthronement of a corporation and a dictator. The cranks will hail its advent.

The Anti-Saloon League will meet in this city next week. Many prominent speakers will be present and make addresses on the subject of temperance. Governor R. B. Glenn of North Carolina, Governor Broward of Florida, Rev. W. J. Carpenter and others will be among the prominent speakers who will be here.

The new arbitration treaty with France has been ratified by the Senate, and President Roosevelt has been forced to backdown from his position that, the President should be given the power to submit questions to arbitration on his own initiative and without the consent of the Senate as provided in the constitution.

WASHINGTON CORRESPONDENCE.

Washington, D. C., March 13.—The do-nothing Congressional policy of the Republican leaders has been dawdling along so far without anyone seeking to enliven the proceedings. But it is now reported that word has gone out from the White House that is virtually a threat to the reactionary Republicans of Congress that President Roosevelt has no notion of allowing Congress to adjourn without considering the recommendations set forth in his message to that body. Of course, the President cannot keep Congress in session when it decides to adjourn, but can call an extraordinary session immediately following such adjournment and again call the attention of Congress to what he considers is needed legislation.

President Roosevelt believes he will be supported by the country in such a demand for necessary laws, and even if he does not call Congress together in extra session he can make it plain to the constituents of the reactionary Congressmen that they are "bucking my policies" and are unfit to represent those who believe in reform. The back fire that Mr. Roosevelt can start would certainly make the position of many Republicans decidedly uncomfortable if not untenable politically.

What legislation does President Roosevelt demand that he thinks of such consequence as would lead him to disrupt his party on the eve of a national election? First, a new employers' liability law, then amendments to the Sherman anti-trust law and for a law governing the issue of securities by interstate corporations. The employers' liability law passed by the last Congress has been decided unconstitutional by the supreme court, so the President, who is now trying to propitiate the labor vote, wants the Knox bill passed, which is now in the hands of the Senate Judiciary Committee, that will evade the objection unanimously announced by the court. Then he recommends the anti-trust law be amended so that pooling and combinations may be legal, and a federal incorporation law, or a license act for interstate corporations. Also to control the issue of securities by such corporations. No bills have yet been introduced to cover these last two recommendations, but are being prepared by those who are friendly to such legislation. There is ample field for almost endless discussion on these matters and until such as the currency bill is out of the way it will hardly be possible to consider the Roosevelt measures. Even if such bills were already reported from committees, as the Knox bill has been, yet the appropriation bills would be in the way of securing time for their discussion.

Congress wants to pass the appropriation bills and adjourn. The President wants Congress to take up this doubtful legislation, which will entail a long debate on interstate commerce, State rights, centralization, and the rights of corporations, labor and capital. Which will prevail is not yet certain.

It is rather singular that President Roosevelt does not insist upon currency reform in his program, but perhaps he thinks that the Congress is certain to pass at least the necessary emergency currency legislation. Such reforms as revising the tariff, which is of far greater importance to the people than all the other legislation, is quietly ignored until after election; or forever, if the tariff protected interests again control Congress. The President does not even urge the one ewe lamb that Senator Beveridge has pleaded for so earnestly, the non-partisan Tarriff Commission.

How different would be the political conditions if a Democratic President were in the White House and there were a Democratic Congress with a majority equal to what the Republicans have! Suppose Hon. William L. Douglas of Massachusetts were President?

In an interview on September 28 last he said:

"Apparently the spectacular attacks of the administration at Washington upon all kinds of corporations and industries—the good and the bad, the legitimate and the illegitimate—are made more for political effect than for safe and sane disciplinary regulation. Such attacks may please the galleries, but they are likely to do more harm than good to legitimate business and to the holders of the securities of proper corporations.

"That the methods and tactics of the administration at Washington are doing much to obliterate party lines, I can readily believe; that they will benefit the Republican more than the Democratic party, is far less certain. The Democratic party could, in my opinion, do all possible to abolish special privileges and to give the people a square deal. It should be less spectacular in its methods and more certain in producing substantial results. Above all things, it should take a strong position for immediate tariff reduction on raw materials and foods, and especially for the entire removal of all duties on trust products sold cheaper to foreigners than to Americans."

But Governor Douglas is a reformer with a trained business mind, and not an excitable and erratic recalcitrant like President Roosevelt, demanding the most radical reforms one day and backing down the next day.

What a blessing it would be if Governor Douglas could be President of these United States for four years, and the policies he has announced in his speeches and interviews could be put into practical effect.

SHORT STATE ITEMS

Arrangements have been completed whereby the Mexican Railway Company will export 10,000 tons of coal a month. The ships will be loaded at Pensacola.

Mrs. Minnie S. Hickson of Miami has shipped three cases of delicious grapefruit and orange marmalade to Mrs. John D. Rockefeller of New York. Mrs. Hickson manufactures a most delicious line of these goods which are being sought after by the wealthy classes in the North.

Sheriff Gordon and Deputy Sheriff Hutton succeeded in capturing a crude whiskey still at Daisy. It was constructed by attaching a piece of gas pipe to an old tin lard can, the pipe running through a water trough. The still was found in the smoke-house of Willis Washington, colored. A pistol and a very large pocket knife were found on his person.

W. H. Woody, the white man who was arrested in Jacksonville about five weeks ago for the Virginia authorities, where he was wanted for the larceny of three trunks, recently plead guilty in the courts of that State, and was sentenced to three years in the State penitentiary. He was also accused of being a bigamist. It is reported that he had three wives living and two dead.

A fire occurred in Fernandina the other morning which was disastrous in its effects and consequences. Five negro houses were burned to the ground, and in one of the cottages a woman and two small children were burned to a crisp, while the husband and father were so badly burned that the flesh dropped from the bones. He died soon afterwards. The fire was out of the city limits and was too far out for the firemen to reach with their water.

The Key West Citizen notes the fact that already the customs service has been compelled to increase its force at Knight's Key by two inspectors, making one deputy collector and four inspectors stationed there, although that port has been established only a few weeks. It predicts that when the travel sets strongly northward from Cuba the latter part of next month the force will have to be still further added to. What the travel will be next year no man can conjecture, says The Citizen. The fact that the extension has reached so far toward Cuba has evidently induced more travel to this State and Cuba than there would otherwise be.

The Key West Guards have received from the National Guard Association a handsome trophy awarded them for having obtained the highest figure of merit during the year 1907. The trophy is a handsome oak panel, with a large bronze plate in the center, on which is engraved "Florida National Guard Association Trophy for Highest Company Figure of merit awarded annually upon the basis of Record Firing as reported." Around this large plate are seven smaller bronze plates, on the first of which is engraved in gold "1907, awarded to Co. 1, 2nd Infantry, Figure of Merit 44:54." The trophy is highly prized by the Guards and they will endeavor to secure several of the plates for themselves.—Key West Citizen.

Reports are universal to the effect that the orange bloom all over South Florida is the largest on record per tree. The number of trees has been of course much reduced since the period prior to the great freeze, but the crop now promises to be as large in the southern counties as it was in the palmy days. It is perhaps early to discuss the matter, but it may not be amiss to state that it will be profitable to give the most careful attention to cultivating and marketing the coming crop. And also that, when it is ripened, it should be picked and packed with the utmost care and pains. There is money in sending fruit to market in the best condition, carefully packed and selected with a view to uniformity in color and quality.—Tampa Times.

Directors Re-Elected.

New York, March 13.—At a meeting of the stockholders of the Sloss-Sheffield Steel and Iron company, in Jersey City, the retiring directors were re-elected and Henry Parsons was elected to a vacancy on the board caused by the death of G. E. Parson. The reports of the company's financial condition for the year, ended on Nov. 30 last, showed net profits for the year of $1,672,286. This is an increase of $161,443 over the previous year.

Notice to Our Customers.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as th imagine, one from dyspepsia, another fr heart disease, another from liver or l ney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better or no reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in *any condition of the female system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

MUNICIPAL POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,

BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

CHAS. PINKOSON.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order. C. L. KITE.

GIRL STOPPED FIGHT.

Pistol Battle Occurred in Darkened Bedroom—Three Men Shot.

Shawnee, Okla., March 13.—As a result of a pistol battle in the darkened bedroom at the home of Thomas Nichols, three men were shot, two of whom are expected to die, and further bloodshed was prevented by the heroism of Miss Bessie Nichols, sixteen years of age, who threw herself between two of the combatants, saving at least one life. Charles Nichols and Joe McClutcha were placed in jail.

At a country dance, near Knowa, an altercation occurred between members of the McClucha and Nichols families, who attended. There was a personal encounter but it was quickly stopped before any one was badly hurt. After the dance Charles Nichols went home accompanied by a young man of the neighborhood who was to have spent the night at the Nichols home.

Some time after retiring, it is said, Nichols and his chum were aroused by some one entering the room. They seized their guns and opened fire, the shots being returned. Thomas Nichols, father of the young host, rushed into the room armed and the shooting became general.

Regardless of the bullets, Miss Bessie, Charles Nichols' sixteen-year-old daughter, followed her father and sprang between two of the men and knocked up one weapon, saving her brother's life.

NO SHORTAGE FOUND.

Reported Shortage of Alabama Fair in 1906 Explained.

Montgomery, Ala., March 13.—It is found, according to reliable information, that the reported shortage in the management of the state fair at this place in 1906 has been fully explained by a re-examination of the books and that the accounts will be found to work out satisfactorily. This is based on a report of Expert Accountant Haralson, which is said to have been turned over to the officers of the fair association.

The entire matter now promises to be cleared up to the credit of all the officers of the fair of that year.

Certain it is that so far most of the reported shortage of $20,000 has been accounted for in the regular way.

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. Have used it for years. It does the work." Sold by W. M. Johnson.

Six Peasants Killed.

Voronoze, Russia, March 13.—Six peasants were killed and several others were wounded in an encounter with a detachment of police at the nearby village of Kochetovka. The police went into Kochetovka for the purpose of arresting two members of the peasant revoluutionary organization. The intention of the police became known, and the peasants rallied to prevent the carrying out of this plan.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

All the Gold IN GEORGIA Could not Buy-

Roding, Ga. August 27, 1906.
Messrs. E. C. DeWitt & Co.,
Chicago, Ills.

Gentlemen:—
In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic.
May you live long and prosper.
Yours very truly,
C. M. CORNELL.

Checks For Neal Bank Depositors.

Atlanta, March 13.—Seven thousand individual checks aggregating $375,000, will be mailed to the depositors of the Neal bank by the Central Bank and Trust corpofation, receiver of that defunct institution, next week. This represents the first 20 per cent payment on the deposits of the bank recently authorized by the court. The large force of bank clerks at the Central Bank and Trust corporation, of which Mr. Candler is president, have started writing out these checks. A prominent banker says he believes the Neal bank will pay dollar for dollar.

Banker Is Indicted.

Birmingham, Ala., March 13.—N. T. Anders, president of the Commercial bank at Jackson and former president of the Central bank of Mississippi, has been indicted by the Hinds county grand jury on the charge of embezzling $25,000 from the latter institution. Anders was placed under arrest and immediately gave bond. The Central bank of Mississippi was placed in the hands of a receiver several days ago and the grand jury is in session now.

A Baby

This remedy is becoming the permanent fixture of well regulated households. A mother, with children, can't get along without a bottle of White's Cream Vermifuge in the house. It is the purest and best medicine that money can buy. Sold by W. M. Johnson.

Once Prominent Banker Dead.

New York, March 13.—John G. Jenkins, the Brooklyn banker who with his three sons was indicted as a result of the banking investigation which followed the recent financial panic, died at Sea Cliff, L. I., Thursday. Death was due to paralysis. For many years Mr. Jenkins was one of the most prominent figures in the financial and business world of Brooklyn. He occupied a high place in the city's social and civic life.

Populist Convention.

M. Johnson.

$11,431,346 APPROPRIATED.

Agricultural Appropriation Bill Reported to the House.

Washington, D. C., March 13.—The agricultural appropriation bill was reported to the house Wednesday. It carries total appropriation of $11,431,346, which is $1,420,005 less than the total amount asked for by the department of agriculture.

The bill carries an increase of $248,720 for the weather bureau, making a total for this bureau of $1,662,260. The increase is chiefly due to the provisions for the construction of weather bureau buildings, including one at Richmond, Va., and for the restoration of the building at Mt. Weather, destroyed by fire last October.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

JOHNNY'S CAREER.

The Same That Was Started by the Cornell Widow.

Sheer nonsense rhymes and jokes without apparent reason or object are frequently used to fill the pages of the Cornell Widow. If anything more footless than the "Man of Glegledorf" verse has ever been written, the Widow wishes to state that her bump of credulity was imported from Missouri and must be shown:

There was a man from Glegledorf
Who, to save his barber's fees,
Would wet his hair and let it freeze,
And when 'twas frozen break it off.

The Widow claims the credit of originating the nonsense rhymes which dealt with the cleverness and precocity of the bright little lad who carelessly slaughtered his mother, father and immediate relatives. These poems, if so they may be called, appeared in the Widow in October and November, 1900. The same year they were collected and published in pamphlet form under the name of "The Johnny Book." Johnny started his career by "an tragedy" as follows:

Johnny hung his little sister.
She was dead before they missed her.
Johnny's allus up t' tricks.
Ain't he cute?—he's only six.

Next we find that—

Johnny with his little ax
Dealt his brother orful wacks.
He don't care if mamma kicks.
Ain't he cute?—he's only six.

Later development of the little romp shows that—

John has gone from bad to worse.
Now his father's in a hearse.
Smeared him with a load of bricks.
Ain't he cute?—he's only six.

And so on until finally—

Johnny saw a buzzsaw buzz
Like a bike and thought it wuz.
Johnny's corpse is full of nicks.
Ain't he cute?—he's only six.

These verses terminated the Widow's connection with John, but papers all over the country took up his instructive and edifying career and pushed it to a finish. Still another verse which started in the Widow office and traveled all over this country and part of others was the bit of "Eb and Flo" doggerel. In this we discover that—

Flo was fond of Ebenezer—
Eb, for short, she called her beau.
Task of "tides of love!" Great Cæsar!
You should see 'em, Eb and Flo.

By itself this beautiful bit could hardly claim a place in a volume of recent American poets, but when it traveled far and wide and received an extra verse at each resting place it became a pursuing nightmare. — From "Humorous College Journalism" in Bohemian Magazine.

Women the Greater Dreamers.

A Vienna doctor has published the following figures:

Thirteen men out of a hundred as against thirty-three women dream during their sleep. The number of men who dream frequently is 27 per cent; that of women is 45 per cent. As a general rule, it may be said that the weaker sex has twice as much tendency to dreaming as the opposite sex. The cerebral phenomenon under consideration is absolutely unknown to 9 per cent, and 14 per cent dream only very rarely.

It seems idle to add that the same doctor noted, what is perfectly well known, that almost all our dreams are suggested more or less directly by the incidents of the material life of every day.—Boston Advertiser.

Thrifty Paganini.

When Paganini was asked many years ago to play at Vauxhall Gardens he inquired how many persons the place would hold.

"That is impossible to say," said the manager. "It is a large, open space."

After some reflection the great violinist inquired, "How many will the large, open space contain when quite full?"

"Perhaps 20,000."

"Ah, 20,000 people! And you ask how much?"

"Four shillings each."

"Four shillings each! Twenty thousand at 4 shillings make 80,000; 80,000 francs, £4,000. Well, I will play in your concert for £3,000, and you may keep the other thousand."—St. Louis Republic.

Poles of the Earth.

The circle of the earth's daily rotation upon its axis being the greatest at the equator, the consequent greater accumulation there of the centrifugal force during the period when the earth was a revolving mass produced a bulging out of the surface in the equatorial region, with a consequent flattening at the poles. Thus we have an oblate spheroid with the length of the axis of the poles about twenty-six and a half miles less than the equatorial diameter.

Endorse Roosevelt's Policies.

Richmond, Va., March 13.—The republican convention of the seventh congressional district held at Luray, elected John Ackers, of Rockingham, and C. M. POLITICAL ANNOUNCEMENTS

Advertisements under this head, not exceeding nine lines, will be published one time a week in the daily, and one time a week in the semi-weekly, from now until the Democratic primary on May 19th for $10; after April 1st the rate will be $5. Cash must accompany the announcement in every instance.

FOR SHERIFF.

At the earnest solicitation of many friends throughout the county, I announce for the office of Sheriff of Alachua county, subject to the action of the primary election. If elected I assure the people that I will serve them faithfully and impartially.

P. G. RAMSEY.

I hereby announce myself as a candidate for the office of Sheriff of Alachua county at the ensuing Democratic primary, and solicit the support of the voters. I promise, if elected, to discharge the duties of the office without fear, favor or partiality, to the best of my knowledge.

W. G. RICHARDSON.

In the primary election four years ago I made the statement that if my friends would give me the office at that time, I would not again ask for it. My intentions were pure, and on no account would I have come before you again asking your support, of my own accord, but many of the best men from various sections of Alachua county have petitioned me by writing and a great many others personally to stand for the nomination of Sheriff in the coming primary, and today I received an official request from one of the most powerful moral organizations in the country, urging me to stand for the nomination, and, in deference to their wishes, I announce that I will accept the nomination for Sheriff of Alachua county on the platform and according to the rules of the Democratic primary, held May 19th, and if nominated and elected I will perform the duties of the office with the same impartiality and justice that I have done in the past.

L. W. FENNELL.
